(L4DC BM)**

Regulated
Qualifications
Framework (RQF)

Equivalent
to the first
year of a
bachelor's
degree in
the UK

Overview

The Level 4 Diploma in Computing (with Business Management) is the first year of the NCC Education degree journey. The qualification is equivalent to the first year of a Business IT degree qualification in the UK university system.

This course is designed to develop essential thinking and study skills in IT and Business through a balance of academic and vocational subjects. Students can contribute to the development of computer systems and networks, databases and websites in a business context, whilst also developing an awareness of business needs.

The programme will allow students to enter the IT and Business professions with the necessary knowledge expected within the industry and will be able to apply these skills to a range of IT-related functions.
